- | | | | |
|--------------|-------------------|--------------|--------------------|
| ■ JavaScript | ■ CSS3 +Bootstrap | ■ Node.js | ■ Redux |
| ■ jQuery | ■ ReactJS | ■ Express.js | ■ D3.js |
| ■ HTML5 | ■ Knex.js | ■ PostgreSQL | ■ MVC architecture |

Experience

Digital First Media | Daily Camera (May 2004 to Oct. 2017)

Design Director: Aug 2013 to Oct. 2017

- Managed team of 24 designers. Monitored and appraised job performance, communicated expectations to my team and handled personnel issues.
- Oversaw design, editing and production for 12 newspapers in Colorado and out of state, including the Denver Post, Boulder Daily Camera, and the St. Paul Pioneer Press.
- Built, updated and maintained publishing system's XML and CSS back end.
- Fostered and maintained relationships with editors and other department heads over a dozen client sites.
- Helped oversee the on-boarding of design for the St. Paul Pioneer Press and Denver Post. Coordinated move of all page building for two major metro newspapers. Converted page building from InDesign and built all XML and CSS for project based on existing InDesign stylesheets.

Assistant Design Director: July 2011 to Aug 2013

- Responsible for helping oversee and schedule a team of 15 designers.
- Coordinated design operations for nine Colorado newspapers.
- Integrated staff from two other newspapers into newly formed hub.

Designer: May 2004 to July 2011

- Primary 1A designer for the Boulder Daily Camera. Designed and edited news and feature sections.
- Edited and selected stories for publication from wire services.
- Consistently met deadlines and produced clean, accurate headlines.

University of Colorado

Adjunct Professor of Journalism: August 2012 to Dec. 2016

- Teach junior/senior-level editing and visual journalism course at CU-Boulder's school of journalism.
- Developed a curriculum for the class focused on storytelling, editing, AP style, design fundamentals, and Adobe InDesign.
- Implemented daily and unit lesson plans for class averaging 16 students.
- Achieved high faculty ratings from end-of-term student questionnaires.
